STAFF MEMO

Dear Staff

Please accept our heartfelt appreciation for all the hard work you have been doing supporting our residents and clients over the last two months during this coronavirus pandemic. As a Board, we do not underestimate the difficult environment you have all had to work in. The fact that you have kept all our residents and clients safe during this period is commendable, especially since the Barossa has been a hot spot with over 40 confirmed cases of COVID-19.

Our Board and management are committed to making sure you all feel supported and kept informed and we hope that you all are going OK. If not, we encourage you to seek support from your supervisor or manager. We acknowledge that we still have a long way to go to get through this pandemic and we all must continue to follow the self-isolation, social distancing and hand hygiene regime.

As a community owned organisation supporting over 800 elderly residents and clients in our region, including many who are vulnerable, we understand the extra responsibility on each and everyone one of you who turn up and work hard every day. We will all get through this together.

Yours sincerely

John Angas, Chairman

Simon Newbold, CEO
