Announcing The Next Generation Of Housing!

Barossa Village is taking retirement living to the next level with the launch of its Next Generation of Housing initiative. Kicking off with the redevelopment of 13a and 13b Scholz Avenue, this project is a key milestone in our ‘Heritage Park Development,’ bringing modern design, enhanced accessibility, and dementia-friendly features to our independent living homes.

By partnering with The Dementia Centre and ARCH (specialist design architects), we’re reimagining what retirement housing can be. Our new designs incorporate ageing-in-place principles, ensuring that residents can live safely and independently in homes that evolve with their needs. Features such as increased lighting, accessible switches, widened walkways, and specialised flooring will enhance comfort, safety, and ease of movement.

A standout aspect of this redevelopment is our commitment to dementia-inclusive design. Working alongside The Dementia Centre, we’re integrating features that promote spatial orientation, reduce confusion, and foster a sense of familiarity and reassurance.

Hello & Welcome

Message From Our CEO Ben Hall

We have well and truly settled in to the new year now and there are lots of great initiatives that are nearing completion, underway, or about to commence. What is central to each of these activities has been our approach to working with our communities through the process called co-design.

Across my career I have been fortunate enough to see the co-design process evolve to what it is today. It has moved from the simple practice of 'consultation' to how it now informs wonderful outcomes that are respected and cherished by those that participate. This is achieved by bringing together lived experience, lived expertise and professional experience to learn from each other and make things better by design.

In our last edition of the Grapevine the cover story presented the process that had unfolded for the co-design of various garden spaces around the Residency. I'm very much looking forward to these spaces evolve over the next couple of months which I hope that you are too.

Through the various channels available to us we promote the ways in which you can continue to support the discussion for the betterment of our community. Be it a discussion about a once off project, policy or process, participation in an advisory Board or through general feedback, I encourage you to take those opportunities to contribute as your input is certainly valued and respected and we continue to make improvements to what is already something that is pretty special as a result.

Please take the opportunities and keep sharing.

Stay safe,
Ben Hall

Snake Alert

Please be advised there has been numerous snake sightings in the last few months and with the extended hotter weather they will still be active.

If you encounter a snake, please do not engage and contact **Barossa Reptile Service - Snake Catcher** on 0410 571 931. Dan is available 24/7 to help.

Residency Highlights

Valentines Day

This Valentines Day we wanted to do something different. Many residents have a photograph of their wedding day in their rooms. These pictures were too beautiful not to share. The idea grew and we touched base with the resident families.

What a response!! Families brought in photos, wedding dresses, newspaper articles and wedding memorabilia to show on the day. The gowns on display represent different eras and brides and grooms from the residency. There will be a guess that bride and groom quiz and some reminiscing about people's special day.

Thank you to all of the families and staff who have been involved.

More Good Days

Student Visits

Year 11 students will be visiting the residency over the coming weeks as part of their Community Unit. Faith Lutheran School shares the same values as Barossa Village and supports the coming together of different generations. Over the last few years, we have seen how much the students enjoy one-on-one interaction with the residents. They will be learning different games and activities from the residents and joining together in groups. This initiative has been highly successful in the past, with students often reluctant to leave.

VR at Mens Group

Our Wellbeing Team introduced the Men's Group to the incredible world of Virtual Reality! Everyone took turns immersing themselves in the VR experience while the rest of the group watched the action on the screen.

The men explored a range of classic and luxury cars, taking joyrides through stunning virtual landscapes. And for the cheekier ones? They couldn't resist picking the most expensive cars on the list—just to see how much damage they could rack up! The room was filled with laughter as they swapped stories, shared reactions, and cheered each other on.

Beyond the fun, VR offers immense wellbeing benefits for our residents. It provides an opportunity to relive cherished memories, stimulate the mind, and experience a sense of freedom—whether it's driving a dream car, travelling to new destinations, or simply sharing a laugh with mates. The social connection, mental stimulation, and pure joy that VR brings are what make experiences like this so valuable.

Confessions of a Footy Tragic

Summer sports, we say goodbye to you,
With cooler weather, we start footy anew,
We've tolerated crickets lengthy stay,
And tennis matches night and day,
A nil-nil result in soccer is a bore,
It's goals we want and plenty more,
The excitement of the Melbourne Cup didn't last,
Nor the Tour D.U cyclists as they swiftly passed.

Now all footy fans cheer,
At last, our game is finally here,
And soon our telly is set to thrill,
With the world's greatest footy game of skill,
Of course, it's not league or union rugby we debate,
But the true Aussie game we celebrate,
Aussie rules we can claim with pride,
Where players leap and some fans collide.

They say it's more than life and death,
But with every goal we hold our breath,
With 18 AFL teams and Tassie to come,
It's played everywhere under the Aussie sun,
We can't all like the great Cazaly soar,
Kick 10 goals or the winning score,
But, if my lot beat your lot that's just magic,
No wonder my wife says I'm a footy tragic.

John Irlam, 8th February 2025.
